

EVERY DAY

During the Fair we will
have a Display of Wagons
and Farm Machinery on the grounds

and a competent man to demonstrate them. Everything
in the line we sell must give satisfaction or make good,
even if we go down in our pocket and refund every cent
you have paid us.

We have the best line of Wagons ever seen in this county, from the one horse to a heavy two horse
with bed. These Wagons have every late improvement and are made to stand our mountain
roads. Give us a look at the Fair or at our wagon yard in Dillsboro, where we have a car load.

Now is the time to buy a wheat Drill and nothing is
ahead of the "Hoosier" for our country, if it had not been
we would have not had it, for we want to sell you the
best. Then comes the drag harrow, disc harrow, any size
you want, mowing machines, rakes, etc.

We have a full line of ranges, stoves, oil stoves, dressers,
beds, both iron and wood, wash stands, spring, mattresses,
and most anything in the furniture line.

We are buying the most complete line of fall goods we
have ever handled and will have our store full of nice
new merchandise next week.

Ladies we want you to see our line of ladies suits and
long coats. Everything in the latest style. Look at
them any way before you buy.

**We are Going to Save You Money
This fall on Your Business
IF YOU WILL GIVE US A CHANCE.**
